Letter no. Lds 489/28-29 dated 15/16.1.29 from Deputy Commr Bhavnagar to the Head district, stating that it is impossible to find a large sum for special repairs of roads within the Jahagir area and requesting that Govt may pass necessary orders in the matter.

The President of the Board requested that a grant of Rs 5000 may be sanctioned during the current year to supplement the finances of the Board, in order that they may efficiently discharge their responsibilities consequent on the transfer of the administration of local affairs in the Jahagir.

On this the President of the Board was informed vide this office no 14622 (53) 26-29-13 dated 19/12/29 that the working of the scheme may be watched for some time and a recommendation for a grant if required be renewed thereafter.

2) The President now states that the Executive Engineer reports that a sum of Rs 15000 would be required for annual and special repairs to the Jahagir roads before they can be taken over and that Rs 2,450/- are required by him for annual repairs of roads only.

3) From the current year's sanctioned budget of the Board it is seen that

Submitted for orders (4) It appears that the Board will get an income of Rs 2265 from local cess in the Agency. As against this the Board will have to spend for the maintenance of roads a sum of Rs 2450 (annually) The annual excess under income practically balances the extra annual expenditure No case therefore exists for an annual grant.

(5) As regards the amount required for bringing the roads to a proper mechanical condition it may not perhaps be necessary to spend the whole amount at once The Executive Engineer should be consulted and we may as to whether any grant is necessary and whether the required amount could not be provided in the P.W.S in the course of the next two or three years
